## **Background**

Prior to the Declaration of Independence, the people living on the land we know today as America, were governing themselves and redressing their grievances to their appointed governing officials, through the body politic called Committees of Protection, Correspondence and Safety...or, Assemblies. These bodies, made up of the citizens of the county or township for which they represented, were the lawful government on the land. The founders of this nation enshrined this government by, and for the people, in the 1st Amendment of the Constitution.

In 1863, under the Lieber Code (EO #100), Lincoln stopped self-governance of the people, by putting the country under Martial Law. The People, in Assembly, could not meet to handle their governmental affairs. The power of the people to derive their governance from the consent of the people, was taken from them. The people were now subject to the executive power of the president and his military. Even after the Civil War, the assemblies did not return to their original standing. The Republic form of governance had come to a screeching halt.

The good news is that the power to the people has been restored. In 2010, people began organizing assemblies / Committees of Safety, and giving notice to the US CORPORATION that they were lawfully claiming their standing on the land - as the representative government for the people of their county.

The County Assembly defines the laws in their county, and elects delegates to the General Assembly (state level assembly or Legislature) thus returning the power to the people. They are the governing body of the people at the county level.

## **Overview**

The County Assembly's primary duties are "down & in", that is, they have authority over the documentation that governs the Assembly: Bilateral Social Compact, By-laws, recording methods, membership forms, etc. They also have a duty that is "up & out", that is, to settle the county lawfully as required by the State using the Lawful Settlement Procedure & County Settlement Covenant, providing public notices, & record keeping.

  - American Citizens
  - no BAR (British Accreditation Registry) attorneys
  - no employees of the Corporation at any level
- b) Everyone signs the membership forms including an oath to the Assembly.
- c) Member forms are kept by the Scribe only; never file member forms anywhere else.
- d) Elect a Moderator, Scribe, & Bailiff for temporary duty (90 days)
- e) Scribe keeps meeting minutes & logs formal minutes for official records.
  - Official minutes should have a template, include key elements, & document decisions, actions, motions, etc.
  - Reference: <https://project-management.com/how-to-take-meeting-minutes/>
  - Reference VA State De Jure Assembly:  
[https://virginiajuralassembly.com/uploads/1/3/9/2/139267237/virginia\\_dejure\\_assembly\\_minutes\\_6.18.24.pdf](https://virginiajuralassembly.com/uploads/1/3/9/2/139267237/virginia_dejure_assembly_minutes_6.18.24.pdf)
- f) Review the County Settlement Covenant (not the Social Compact nor the By-Laws); ensure that it is worded exactly as you wish.
  - Change the names of the County & State to the correct ones for your situation.
- g) Collect donations to purchase the County Seal embosser & gold stickers; leftover donations may be used for document filing fees, or other Assembly expenses.

**Step 2:** Give notice to the public that you are settling the County de jure via 1 of 3 ways:

- a) Option 1: Read the Covenant on the courthouse steps
  - Bring 2 copies of the County Settlement Covenant (CSC)
  - Requires 4 people - 1 reading and 3 witnessing, witnesses may change from week to week
  - Choose a location near the County courthouse main entrance during Courthouse business hours, be aware of holidays
  - Each person reads the "CSC Courthouse Steps Reading" provided file out loud 1x, resulting in it being read 3 times

- Those not reading, video record (with audio) the person reading; this is for proof.
- Repeat this 1/week for 3 weeks preferably on the same day of the week and at the same approximate time of day.
- Having read the "CSC Courthouse Steps Reading" 3x on each day, each witness will autograph & date the 2 copies of the CSC document with their first & middle name in the spaces provided on pp.19-21, using purple ink if possible. (reference p.22)

b) Option 2: Announcement in the local periodical that has a Legal section

- The announcement is the "CSC Periodical Legal Section" provided file
- Publish the "CSC Periodical Legal Section" for 3 weeks in a row, 1x per week, on the same day, in the Legal section.
- Do not put borders/boxes around the announcement; request that the newspaper does not do this
- The announcement must have no changes, edits or corrections of any type & read exactly as the Preamble is written. Article I is not published.
- Keep a copy of the actual periodical announcement from each week.
- Once the announcement has posted for 3 consecutive weeks, ask the newspaper for an "Affidavit of Publishing" which is proof of accomplishment.

c) Option 3: Local newspaper, legal section, one line announcement

- One line announcement - "County name, County Assembly @ website address"; put website address that is accessible to anyone who wants to read the Preamble.
- After it runs for 3 weeks, ask the newspaper for an "Affidavit of Publishing" for proof, and keep a copy of the announcement from each week.

**Step 3:** When any of the options in Step 2 are complete, the County Moderator, Scribe, & Bailiff autograph the 2 copies in the appropriate spaces on p.18 of the CSC, using first & middle names only. Put the County Seal (gold foil sticker & embosser) on the CSC in the proper space on p.18. Anyone else that would like to sign the CSC may sign at the bottom of the document.

**Step 4:** The State Moderator & State Justice autograph the 2 copies of the CSC on p.10, using first & middle name only, & put the State Assembly Seal on p.17 (gold foil sticker & embosser).

If you do not have a State Assembly and/or Moderator yet, the Republic interim Governor can autograph, with first & middle name only, the CSC & affix the State Seal. You might have to send this through the mail if distances are large.

**Step 5:** Record your “Covenant of Settlement” at your corporate County Clerk & Recorder. Omit this step if the military has freed the country from the Corporation.

- a) Take the 2 whole completed, signed and embossed, Covenants to the corporate County Clerk's office. The purpose is to get your county settlement into the county public record. You are ensuring that your county is putting the document on the record for all to see in the county, that your County Assembly is established as required by Amendment I. Try to have at least 1 witness with you, use your phone (doesn't have to be obvious) to record the visit, for your records.
- b) Tell the County Clerk that you need to record the documents in the Miscellaneous section. If they do not have a Miscellaneous section, then record it in the Real Estate section. If they ask if “notice” needs to be given to anyone, the answer is no, you just want it recorded. Also ask for two certified copies of the recorded document. Pay for the Recording and copies of the Recorded Covenant. Ask where you go to pick up the documents when the recording is complete.
- c) If the County Clerk refuses to record the document (hopefully you have the recording, so you can hold them accountable later), try recording at the County Courthouse. Go to the Clerk of Courts counter & tell them that you would like to file these documents. No need to say anything else. If they ask where to file it, simply state that you want it recorded in the Miscellaneous file. If they ask if “notice” needs to be given to anyone, the answer is no, you just want it recorded. Depending on the county, this may be something the Clerk of Courts has never seen before and will show it to another person. That's fine, we don't care. All we need them to do is get it recorded. Also ask for two certified copies of the recorded document. Pay for the Recording and copies of the Recorded Covenant. Ask when & where you go to pick up the documents when the recording is complete.
- d) Likely you will need to leave the original document with them for 1-2 days. When they are finished, go back and pick up one original document and 2

copies. Ensure you have the original document and 2 certified copies. There should be a stamp on the top of every page of all the documents. The Scribe holds all official documents.

**Step 6: (Optional)** Attend the next County Commissioners' public meeting

To be completely thorough in your settlement, you should attend the next County Commissioners' public meeting. Omit this step after military frees the country from the Corporation.

- a) Bring one of the certified COPIES of the recorded Covenants with you.
- b) During the "public comment" portion of the meeting, you will read the Preamble and Article 1 from the Covenants (the same thing you read on the courthouse steps). Typically they allow only 3 minutes per speaker, and it takes ~8-9 minutes to read the document. Have 2 other volunteers with you to pick up where you left off when your time is up. Tell the Commissioners that you wish to read something into the record, and the additional people will keep reading due to the time constraints.
- c) After you finish reading the document, announce clearly that **"X County is now settled de jure on the land."** Obviously use your County's name where the X is. Then hand the COPY of the Covenants to the County Commissioners Recorder/Bailiff. Consider having someone in the audience recording (video/audio) the event.
- d) Consider posting this recording on social media. If you have a patriot friendly newspaper in your town/county, invite them to this meeting to do a story on the event. Once this document has been read completely, it is now official that it is on the public record and you have lawfully given your county lawful notice that your County Assembly is in session per Amendment I.

**Step 7:** Send a copy of CSC to your Republic interim Secretary of State (SOS)

Follow the instructions of your free state's SOS for sending a copy of your Covenant for Republic records. If there is no SOS yet; talk to your Governor.

**CONGRATULATIONS! Your county is now settled de jure on the land!  
You just freed all its Citizens!**

**Step 8:** Start conducting the business of the County Assembly

- a) Schedule monthly (minimum) meetings
  - Meet regularly, at least 1/month, to be considered active.
  - Elected positions perform their duties per the Assembly Officers Description.

- The Scribe keeps all meeting minutes & publishes by the next meeting.
  - Read/announce the Biven's Decision to eliminate conflict & false allegations.
  - Consider having guest speakers talking on various subjects relevant to the People.
  - Challenge all members to bring at least 1 new member to the next meeting. In just a few months, you should have 40-50 people in your Assembly. Every new member fills out the member forms, which are kept by the Scribe.
  - Decide the next meeting date before you close the current meeting.
- b) Write and approve your County Assembly's By-laws
  - c) Write and approve your County Assembly's Bilateral Social Compact
  - d) Consider adopting or developing Assembly Formation, Operations and Functions as in this example from VA:  
[https://virginiajuralassembly.com/uploads/1/3/9/2/139267237/va\\_jural\\_assembly\\_formation\\_operations\\_and\\_functions\\_working\\_copy.pdf](https://virginiajuralassembly.com/uploads/1/3/9/2/139267237/va_jural_assembly_formation_operations_and_functions_working_copy.pdf)
  - e) When 90 days expires, hold elections for Moderator, Scribe, Bailiff, and other positions as outlined in your Social Compact and By-laws. Generally this is for a 1 year term, however the Assembly determines the length of time.
  - f) Consider making a County Assembly website & a separate County Assembly email address. Protonmail might be a good option since it seems to be more secure than other providers. Consider a Post Office Box or UPS Box for your official (snail mail) documents.

## Signatures and Autographs

Currently, my level of knowledge cannot speak to this with any authority, insight or confidence. There is discussion about the terms 'signature' and 'autograph'. It is generally thought that a signature is corporate and an autograph is not, thus the term 'autograph' may be used in the instructions.

Autographing in purple is because purple is the color of royalty. The instructions in Step 2 Option 1 state use purple ink if possible. If you don't have purple, use blue, Do NOT use Black.

An absolute signature, found on pp.17 & 18 of the CSC, is written with a colon before the name which means "fact", a living person, not the fictitious legal entity that was created with the birth certificate.

Examples from the Ohio Jural Assembly/Dave Roberts.

He signed, :David-ronald: Roberts.

## **Seal Requirements, Military Officers Oath, Bivens Decision**

### **Seal Requirements**

The current county seals are corporate seals or seals of the corporation. We must have new seals representing the Republic for the united States of America. Change or remove any words that are in all capital letters. Capitalize the first letter and make the others lower case for any words. This is enough to change the seal from corporate to Republic. Do not use any satanic symbols; if you are not sure, look it up. You may use colors; be aware that colors will not be reflected in the embosser without a custom stamp pad. The new seal is needed at the completion of the Public Notice, Step 2.

### **Military Officers Oath**

I, [name], do solemnly swear (or affirm) that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of the office on which I am about to enter. So help me God.

Note: Assembly may change name or use a different oath

### **Biven's Decision**

This meeting is private. Bearing false witness, misrepresentation, and posting inflammatory rhetoric in public forums is forbidden and shall be addressed in an appropriate manner. To eliminate all conflict and false allegations, is there anyone in attendance at today's meeting that is a member or agent of any law enforcement agency or public agency of the federal, state, county, city, or township agencies present?

Is there any response to the Biven's Decision for the first time, any response to the Biven's Decision for the second time, and any response to the Biven's Decision for the third and final time?

## Process for sending documents by Registered Mail

**ALL** documents sent by the County Assembly must be sent Registered Mail, not Certified Mail, there is a difference. Please do not cut corners, & try not to get overwhelmed with this process. This process needs to be mastered. Let us explain for clarity.

Example of Certified Mail above

**Certified Mail:** USPS customers that want to send their important documents safely & get confirmation of delivery, use the Certified Mail service. This service specializes in handling the consumers who regularly send & receive important legal documents. Certified Mail provides a surety that important documents will be handled carefully & will reach the destination safely. When Certified Mail reaches the destination address, the USPS provides an electronic verification for the same. Certified Mail delivery normally takes about 3 to 10 working days if it was sent First-Class mail. If it is sent using Priority Delivery service, it will take ~2 to 3 working days for the Certified mail to reach the final address.

**Registered Mail:** Registered Mail service provides additional security by using end-to-end safety with locked containers. USPS maintains Registered Mail custody records & these are not provided to the customer until they file a claim. When you send USPS Registered Mail, a secure chain of custody is created. This chain tracks & protects your package at all transit points. Registered Mail takes longer to reach its destination due to this additional security. It may take 10 to 14 days for your package to reach its address.

**Certified vs. Registered mail** as a summary, below are the differences:

<b>Certified Mail</b>	<b>Registered Mail</b>
delivery confirmation, receipt	chain of custody, sealed containers
tracking # & proof of receipt	same + package protection
sent from places other than Post Office	sent from Post Office only
2 to 3 to max 10 day delivery	14 day delivery
recipient's signature, proof of delivery	receipt & record of location in detail
receive delivery confirmation upon return of receipt	online tracking of package for knowledge of delivery
insured at extra cost	includes insurance

Our documents **MUST** be sent by Registered Mail. **Plan ahead** for efficiency and to ease the process.

PS Form 3811, July 2015 PSN 7530-02-000-9053 Domestic Return Receipt

## Form 3811, Domestic Return Receipt, above

If not ordered ahead of time, ask the postal clerk for the number of red Registered Mail labels, Label 200, needed.

Use sealing tape to seal the envelope.

Use either the pre-ordered \$10 & \$5 stamps plus a couple of regular stamps or all regular stamps. **You do not want a postal clerk to stamp your envelope;** you want to put the stamps on the envelope to show the value & that you are vested in the process. Again, do not let the postal clerk stamp your envelope(s).

**Gather the articles & documents needed for mailing.**

**DO NOT SEAL YOUR ENVELOPE UNTIL EACH STEP BELOW IS COMPLETED!**

Fill out the green card, Form 3811. On the top left you will see #1. Article Addressed to - write in who this should be delivered to. Then, on the bottom of the left side of the card, you will see #2, Article Number - write in **from the red Registered Mail Label** the Registered Mail #. This may be a peelable label with a number on it, or it may not have something to peel off and may have just a number - write it in section #2 on the Form 3811 green card.

**Each red Registered Mail label has a different number.** Make sure you assign the correct Registered Mail # to your document, particularly if you have multiple documents being mailed to multiple recipients. For example, if 5 people are receiving a Registered Mail document from the County Assembly, each recipient will have their own document & envelope. The Registered Label # should be the same on their envelope & document. Keep these numbers & documents accounted for so you don't mix documents & numbers. We are trying to show proof on everything that a Registered Mail was sent to them.

A couple scenarios that could take place:

1) You are **NOT** sending a **“notice or affidavit”** ex: if you were sending a notice to serve to a public servant. If this is the scenario, you will not need to put the Registered Mail # anywhere on the actual document you are mailing.

2) You **are** mailing a **“notice or affidavit”** to a public servant. If this is your scenario, **you will need to put on your document the Registered Mail Label**

# that is being sent. Getting the labels ahead of time allows you to put the Registered Mail Label # on the document as proof it was sent to them. Enter the Registered Mail # on the document next to the person's name receiving the document.

Next, on the right you will see A, B, C and D. This is not for you to fill in. That is for the recipient.

Below that, under 3. Service Type, check the box that says Registered Mail. Registered Mail Restricted Delivery may also be checked if you want only the recipient to sign, not someone else. Registered Mail is fine & less restrictive, as we only need proof that it was delivered.

Form 3806, seen above, you will fill out only the To/From portion on the bottom.

**Before you put your document in the envelope, make sure:**

- Your green card is filled out (Form 3811)
- Your Return Receipt To/From section is filled out (Form 3806)
- The Registered Mail # is on the document (this is done on the official document being sent to a public servant).

**Once the above is complete, place your document in the envelope.**

- Take the red Registered Mail Label (Label 200) & place it to the right, slightly off center of the envelope.
- Take the green card (Form 3811) & place it vertically to the left of the red Registered Mail Label that you just affixed to the envelope.
- Put your County Assembly address or your personal address on the top left of the envelope.
- Seal the envelope flap with tape, even if it has self-seal or the pull strip to seal; for extra security, seal the edges on each side.

Now you are ready to mail.

Take it to the postal clerk, ask for stamps. Do not let the postal clerk stamp it, purchase \$16 or \$17 worth of stamps & put them on yourself. Above we discussed asking ahead of time for some \$10 and \$5 stamps. If you did that, the postal clerk may have those available to sell you, otherwise, you will need to buy regular stamps. The process is now complete & will become easier once you are familiar with the procedure.

Historically this right was so common and known by all persons that it was never written about in criminal law. It is similar to the cracking of an egg never being mentioned in cookbooks. It was assumed that everybody knew it. The Juror's right of Annulment is the right of just one Juror, in hearing a case involving a law that the juror feels is unconstitutional, to singularly adjudicate the defendant innocent, thus ending the trial. If the pattern holds in similar cases using that law, prosecutors will no longer prosecute under that law. This is how we clear out unconstitutional laws quickly and prudently. ## **Robert's Rules of Order**

Robert's Rules of order was established in 1876 in order to bring order to meetings and to avoid chaos. We have already been using the "may I?" and "I yield" rules in the assembly. As we grow, we need to continue to use those rules and implement more of Robert's Rules, such as the following:

1. No interruption of speaker, unless a rule is being broken. Correcting a speaker of the facts spoken does not justify an interruption. Wait until the speaker yields, then use "may I?" and wait to be recognized by the moderator.
2. Speakers are limited to 3-minute speeches or comments. He or she must wait until other members who have not yet spoken on the topic to speak before commenting or speaking again. A speaker may use a motion for an additional 30 seconds to finish his or her remarks.
3. All comments and discussion should be made to the chair/moderator and not between individual members.
4. A topic should be discussed for no longer than 10-minutes or until each member who wants to speak on the subject has done so. At the end of 10-minutes or everyone has spoken, the assembly either makes a motion to vote or a motion to table the discussion for another time.
5. Discussion should be made on the merits of the topic and not another member. Discussions should not involve personal attacks on other members.
6. If a vote is already in progress a member may use "may I?" and make a motion to set aside the vote, if they have something else to add or question.
7. A member may make a motion to extend the discussion time limit beyond 10 minutes.
8. The moderator should use "point of order" statement for:
  1. Adhere to time limits
  2. Personal attacks on members
  3. Interruptions
  4. Keep discussions within the whole assembly, not b/t 2 or more members only

Additional structure:

1. When possible, the moderator will send out the topics to be discussed and voted on several days before the next meeting so that each member has the ability to develop comments and concerns before the meeting.
2. Members who want to add a topic to be discussed and voted on to the agenda, may send it ahead of time to the moderator. The agenda will be emailed to everyone on the Saturday before the Tuesday meeting. If you want something on the agenda that week, please email it to the moderator

before Saturday at noon. Otherwise, it will go on the agenda for the following week, unless it is an emergency. Structuring the agenda in this way will help eliminate confusion and chaos.
