

Alabama free State County Assembly Lawful Settlement Procedure

Step 1: Assembly Meetings Gather 4-5 patriots who live in the county

- a) County Assembly members eligibility:
 - American Citizens
 - no BAR (British Accreditation Registry) attorneys
 - no employees of the Corporation at any level
- b) Everyone signs the membership forms including an oath to the Assembly.
- c) Member forms are kept by the Scribe only; never file member forms anywhere else.
- d) Elect a Moderator, Scribe, & Bailiff for temporary duty (90 days)
- e) Scribe keeps meeting minutes & logs formal minutes for official records.
 - Official minutes should have a template, include key elements, & document decisions, actions, motions, etc.
 - Reference: <https://project-management.com/how-to-take-meeting-minutes/>
 - Reference VA State De Jure Assembly:
https://virginiajuralassembly.com/uploads/1/3/9/2/139267237/virginia_dejure_assembly_minutes_6.18.24.pdf
- f) Review the County Settlement Covenant (not the Social Compact nor the By-Laws); ensure that it is worded exactly as you wish.
 - Change the names of the County & State to the correct ones for your situation.
- g) Collect donations to purchase the County Seal embosser & gold stickers; leftover donations may be used for document filing fees, or other Assembly expenses.

Step 2: Give notice to the public that you are settling the County de jure via 1 of 3 ways:

- a) Option 1: Read the Covenant on the courthouse steps
 - Bring 2 copies of the County Settlement Covenant (CSC)
 - Requires 4 people - 1 reading and 3 witnessing, witnesses may change from week to week
 - Choose a location near the County courthouse main entrance during Courthouse business hours, be aware of holidays

- Each person reads the "CSC Courthouse Steps Reading" provided file out loud 1x, resulting in it being read 3 times
- Those not reading, video record (with audio) the person reading; this is for proof.
- Repeat this 1/week for 3 weeks preferably on the same day of the week and at the same approximate time of day.
- Having read the "CSC Courthouse Steps Reading" 3x on each day, each witness will autograph & date the 2 copies of the CSC document with their first & middle name in the spaces provided on pp.19-21, using purple ink if possible. (reference p.22)

b) Option 2: Announcement in the local periodical that has a Legal section

- The announcement is the "CSC Periodical Legal Section" provided file
- Publish the "CSC Periodical Legal Section" for 3 weeks in a row, 1x per week, on the same day, in the Legal section.
- Do not put borders/boxes around the announcement; request that the newspaper does not do this
- The announcement must have no changes, edits or corrections of any type & read exactly as the Preamble is written. Article I is not published.
- Keep a copy of the actual periodical announcement from each week.
- Once the announcement has posted for 3 consecutive weeks, ask the newspaper for an "Affidavit of Publishing" which is proof of accomplishment.

c) Option 3: Local newspaper, legal section, one line announcement

- One line announcement - "County name, County Assembly @ website address"; put website address that is accessible to anyone who wants to read the Preamble.
- After it runs for 3 weeks, ask the newspaper for an "Affidavit of Publishing" for proof, and keep a copy of the announcement from each week.

Step 3: When any of the options in Step 2 are complete, the County Moderator, Scribe, & Bailiff autograph the 2 copies in the appropriate spaces on p.18 of the CSC, using first & middle names only. Put the

County Seal (gold foil sticker & embosser) on the CSC in the proper space on p.18. Anyone else that would like to sign the CSC may sign at the bottom of the document.

Step 4: The State Moderator & State Justice autograph the 2 copies of the CSC on p.10, using first & middle name only, & put the State Assembly Seal on p.17 (gold foil sticker & embosser).

If you do not have a State Assembly and/or Moderator yet, the Republic interim Governor can autograph, with first & middle name only, the CSC & affix the State Seal. You might have to send this through the mail if distances are large.

Step 5: Record your "Covenant of Settlement" at your corporate County Clerk & Recorder. Omit this step if the military has freed the country from the Corporation.

- a) Take the 2 whole completed, signed and embossed, Covenants to the corporate County Clerk's office. The purpose is to get your county settlement into the county public record. You are ensuring that your county is putting the document on the record for all to see in the county, that your County Assembly is established as required by Amendment I. Try to have at least 1 witness with you, use your phone (doesn't have to be obvious) to record the visit, for your records.
- b) Tell the County Clerk that you need to record the documents in the Miscellaneous section. If they do not have a Miscellaneous section, then record it in the Real Estate section. If they ask if "notice" needs to be given to anyone, the answer is no, you just want it recorded. Also ask for two certified copies of the recorded document. Pay for the Recording and copies of the Recorded Covenant. Ask where you go to pick up the documents when the recording is complete.
- c) If the County Clerk refuses to record the document (hopefully you have the recording, so you can hold them accountable later), try recording at the County Courthouse. Go to the Clerk of Courts counter & tell them that you would like to file these documents. No need to say anything else. If they ask where to file it, simply state that you want it recorded in the Miscellaneous file. If they ask if "notice" needs to be given to anyone, the answer is no, you just want it recorded. Depending on the county, this may be something the Clerk of Courts has never seen before and will show it to another

person. That's fine, we don't care. All we need them to do is get it recorded. Also ask for two certified copies of the recorded document. Pay for the Recording and copies of the Recorded Covenant. Ask when & where you go to pick up the documents when the recording is complete.

- d) Likely you will need to leave the original document with them for 1-2 days. When they are finished, go back and pick up one original document and 2 copies. Ensure you have the original document and 2 certified copies. There should be a stamp on the top of every page of all the documents. The Scribe holds all official documents.

Step 6: (Optional) Attend the next County Commissioners' public meeting To be completely thorough in your settlement, you should attend the next County Commissioners' public meeting. Omit this step after military frees the country from the Corporation.

- a) Bring one of the certified COPIES of the recorded Covenants with you.
- b) During the "public comment" portion of the meeting, you will read the Preamble and Article 1 from the Covenants (the same thing you read on the courthouse steps). Typically they allow only 3 minutes per speaker, and it takes ~8-9 minutes to read the document. Have 2 other volunteers with you to pick up where you left off when your time is up. Tell the Commissioners that you wish to read something into the record, and the additional people will keep reading due to the time constraints.
- c) After you finish reading the document, announce clearly that "**X County is now settled de jure on the land.**" Obviously use your County's name where the X is. Then hand the COPY of the Covenants to the County Commissioners Recorder/Bailiff. Consider having someone in the audience recording (video/audio) the event.
- d) Consider posting this recording on social media. If you have a patriot friendly newspaper in your town/county, invite them to this meeting to do a story on the event. Once this document has been read completely, it is now official that it is on the public record and you have lawfully given your county lawful notice that your County Assembly is in session per Amendment I.

Step 7: Send a copy of CSC to your Republic interim Secretary of State (SOS)

Follow the instructions of your free state's SOS for sending a copy of your Covenant for Republic records. If there is no SOS yet; talk to your Governor.

**CONGRATULATIONS! Your county is now settled de jure on the land!
You just freed all its Citizens!**

Step 8: Start conducting the business of the County Assembly

- a) Schedule monthly (minimum) meetings
 - Meet regularly, at least 1/month, to be considered active.
 - Elected positions perform their duties per the Assembly Officers Description.
 - The Scribe keeps all meeting minutes & publishes by the next meeting.
 - Read/announce the Biven's Decision to eliminate conflict & false allegations.
 - Consider having guest speakers talking on various subjects relevant to the People.
 - Challenge all members to bring at least 1 new member to the next meeting. In just a few months, you should have 40-50 people in your Assembly. Every new member fills out the member forms, which are kept by the Scribe.
 - Decide the next meeting date before you close the current meeting.
- b) Write and approve your County Assembly's By-laws
- c) Write and approve your County Assembly's Bilateral Social Compact
- d) Consider adopting or developing Assembly Formation, Operations and Functions as in this example from VA:
https://virginiajuralassembly.com/uploads/1/3/9/2/139267237/va_jural_assembly_formation_operations_and_functions_working_copy.pdf
- e) When 90 days expires, hold elections for Moderator, Scribe, Bailiff, and other positions as outlined in your Social Compact and By-laws. Generally this is for a 1 year term, however the Assembly determines the length of time.
- f) Consider making a County Assembly website & a separate County Assembly email address. Protonmail might be a good option since it seems to be more secure than other providers. Consider a Post Office Box or UPS Box for your official (snail mail) documents.
